Harmonising these fundamentals ensures a fair distribution of economic benefits, improved working conditions for local teams and an increased awareness of the importance and practice of environmental protection.

We kindly request that you adopt the following simple actions when travelling with Altaï Réunion in order to support our ethical, sustainable and responsible tourism policies:

- Avoid dropping litter - use bins or carry your rubbish with you.
- Use drinking water sparingly - avoid wasting water, take showers not baths, report leaks, etc..
- Support the preservation of cultural sites - resist the temptation to touch statues, move stones etc..
- Exchanges are preferable to donations - generations gifts can destabilize the local economic balance.
- When walking, be aware of fragile ecosystems, observe wildlife from a distance, stick to trails, limit trampling and do not steal from the nature - resist the temptation to pick flowers, collect fossils or stones...
- Some hotels have air conditioning - to avoid excessive energy consumption and greenhouse gas emissions, please use sparingly and remember to cut the aircon when you are not in the room.
