GENERAL PROVISIONS

A FEW TIPS

BEFORE GOING ABROAD

- Remember to bring documents and forms which are appropriate for the duration and nature of your trip, as well as for the country where you are going (for the European Economic Area and for Switzerland, bring your European Health Insurance Card with you). These various forms are issued by the Caisse d'Assurance Maladie (health insurance fund) with which you are affiliated in order to benefit, in case of illness or accident, from direct coverage of your medical expenses by this organisation.
- If you travel to a country that is not part of the European Union and the European Economic Area (EEA), you must check before your departure see whether this country has established a Social Security Agreement with France. To do so, you must contact your Caisse Primaire d'Assurance Maladie to know whether you enter into the scope of application of said agreement and whether you must complete formalities (obtaining of a form, etc.). To obtain these documents, you must contact the competent entity before your departure (in France, contact the Caisse primaire d'assurance maladie (health insurance fund)).
- If you are following treatment, remember to bring your medications and prescriptions and put them in your carry-on luggage to avoid interruption of your treatment in case of delayed or lost luggage. In fact, certain countries (United States, Israel, etc.) do not permit expedition of these types of products.

ON SITE

- If you practice a high-risk physical or motor activity, or visit an isolated area within the framework of your trip, we advise you to first make certain that an emergency rescue procedure has been put in place by the competent authorities in the concerned country, to be able to respond to an eventual request for emergency intervention.
- In case of loss or theft of your keys, it may be important to know the numbers of them. Take the precaution of noting these references.

- Similarly, in case of loss or theft of your documents of identification of your means of payment, it is easier to reconstitute these documents if you have gone to the effort to make photocopies of them and to write down the numbers of your passport, identification card and bank card, which you keep separately.
- If you are ill or seriously injured, contact us as quickly as possible, after having made sure to call the emergency services (SAMU (paramedics), fire department, etc.) whose services we cannot replace.

ATTENTION

Certain pathologies may represent a limit to the conditions of application of the contract.

We advise you to read the present General Provisions carefully.

REPATRIATION ASSISTANCE

1. WHAT WE COVER

1.1. ASSISTANCE TO PERSONS IN CASE OF ILLNESS OR INJURY DURING TRAVEL

1.1.1. TRANSPORT/REPATRIATION

If you become sick (including in the event of epidemic or pandemic) or injured during your stay, our doctors contact the local doctors who treated you after the illness or Accident. The information gathered from the local doctor and eventually from the usual primary care physician permits us, after the decision of our doctors, to initiate and organize, depending only on medical necessity:

- either the return to your Domicile,
- or your transport, if necessary under medical supervision, to an appropriate hospital establishment close to your Domicile, by light vehicle for patient transport, ambulance, train (seated place in 1st class, couchette 1st class or sleeper-car), by commercial

airline or by an airplane for medical transport.

In certain cases, your medical situation may necessitate initial transport to a nearby care establishment, before arranging a return to a facility close to your Domicile. Only your medical situation and respect of health regulations in effect are taken into consideration to stop the decision of transport, the choice of means used for this transport and the eventual place of hospitalisation.

IMPORTANT

In this regard, it is expressly agreed that the final decision to be implemented belongs, without the possibility of appeal, to our doctors, so as to avoid any conflict with the medical authorities.

Furthermore, in case you refuse to follow the decision considered as the most appropriate by our doctors, you release us from any responsibility, notably in case of return by your own means or in case of aggravation of your health condition.

1.1.2. RETURN OF INSURED FAMILY MEMBERS OR ACCOMPANYING PERSON

When you are repatriated or hospitalized by us, and based on the opinion of our Medical Department, we organize the transport of the insured members of your family or of an insured person traveling with you to, if possible, accompany you for your return.

This transport will take place:

- either with you,
- or individually.

We cover the transport of these insured persons, by train in 1st class or by airplane in economy class, as well as the charges for a taxi, for departure, so that they can go from the location of their travel to the train station or airport, and upon arrival, from the train station/airport to the Domicile.

This benefit may not be combined with the “PRESENCE DURING HOSPITALISATION” benefit.

1.1.3. PRESENCE DURING HOSPITALISATION

When you are hospitalized at the place where you become ill or where you are involved in an Accident and our doctors deem, based on the information provided by the local doctors, that your return cannot occur before 2 days, we organize and cover the roundtrip travel from your country of Domicile, by train in 1st class or by airplane in economy class for a person of your choice to be at your bedside.

We also cover the hotel expense for the person (room and breakfast), to the limit of the amount indicated in the Table of Guarantee Amounts.

This benefit may not be combined with the “RETURN OF FAMILY MEMBERS OR OF AN INSURED PERSON ACCOMPANYING YOU” benefit.».

1.1.4. CONTINUATION OF TRAVEL

You are ill or injured during your trip but your health condition does not require your repatriation for medical reasons, based on the opinion of our doctors, in conformity with the terms of the “TRANSPORT/REPATRIATION” paragraph, we will cover the eventual additional expenses for transport which you incur to continue the interrupted trip, within the limit of the price of the return trip to your Domicile, on the day and to the location of the incident and within the limit indicated in the Table of Guarantees.

1.1.5. PROLONGATION OF STAY

Following an Illness or Accident having occurred during your trip, you are obligated to prolong your stay on site beyond the initial date of return, in the following cases:

- In case of Hospitalisation:

If you are hospitalised and our doctors deem, based on the information provided by the local doctors, that this hospitalisation is necessary beyond your initial date of return, we will cover the expenses for lodging (room and breakfast) of the insured member of your family or an insured person accompanying you, to the limit of the amount indicated in the Table of Guarantee Amounts, so that he may remain with you.

Within the framework of a tour circuit or a cruise, these expenses will be able to be covered before the initial date of return, in case they represent additional expenses for lodging, not included in the price of the travel package paid by the insured persons accompanying you.

- In case of Immobilisation:

If you are immobilised and our doctors deem, based on the information provided by the local doctors, that this immobilization is necessary beyond your initial date of return, we will cover the expenses for lodging (room and breakfast) for you and/or the insured members of your family or an insured person accompanying you, to the limit of the amount indicated in the Table of Guarantee Amounts.

Within the framework of a tour circuit or a cruise, these expenses will be able to be covered before the initial date of return, in case they represent additional expenses for lodging, not included in the price of the travel package paid by you or the insured persons accompanying you.

In both cases, our coverage ceases on the day that our doctors deem, based on the information received from the local doctors, that you are able to resume the interrupted trip or to return to your Domicile.

1.1.6. ESCORT OF CHILDREN UNDER AGE 18

If you are sick or injured and you are unable to look after your insured children under age 18 who are traveling with you, we organize and cover the round-trip travel, by train in 1st class or airplane in economy class, from your Country of domicile, of a person of your choice or one of our hostesses in order to bring your children to your Country of domicile or to the home of a Member of your family chosen by you by train in 1st class or airplane in economy class.

The tickets of your children are your responsibility.

1.1.7. EARLY RETURN IN CASE OF HOSPITALISATION OF A FAMILY MEMBER, OF THE PROFESSIONAL REPLACEMENT OR OF THE PERSON RESPONSIBLE FOR LOOKING AFTER A MINOR-AGE CHILD AND/OR AN ADULT HANDICAPPED PERSON WHO REMAINED AT HOME

- of a Member of your family,
- of your professional replacement,
- of the person responsible for looking after your minor-age child and/or adult handicapped person who remained at your Domicile.

So that you:

- may go to the bedside of the hospitalised person in your Country of domicile,
- may resume your professional activity left vacant due to the absence of your professional replacement, with your presence at your place of work being absolutely indispensable,
- may join your children left without supervision at your Domicile.

We organize and cover your return trip, by train in 1st class or airplane in economy class, from the location of your stay to your Domicile as well as, if necessary, expenses for a taxi, upon departure, for you to go from the location of the stay to the train station or airport and, upon arrival, from the train station/airport to your Domicile.

Should you fail to provide the supporting documents (report on hospitalization, proof of family relationship) within a period of 30 days, we reserve the right to bill you for all benefits provided.

The designation of the person in charge of looking after your minor-age child and/or handicapped adult having remained at your Domicile or of your professional replacement must absolutely have been provided at the time of registration for your travel for this service to be able to be implemented.

1.1.8. ADDITIONAL REIMBURSEMENT OF MEDICAL EXPENSES (ABROAD ONLY)

For application of this benefit, it is reminded that the term "France" refers to continental France, the Principality of Monaco and the overseas departments. 3 SUBROGATION

After we have paid you an indemnity, we are subrogated in the rights and actions which you may have against third parties responsible for the incident, as specified by article L121-12 of the Code des Assurances (Insurance Code).

Our subrogation is limited to the amount of the indemnity that we paid you or the amount of the services provided.

When the services provided in execution of the agreement are covered, in part or in whole, by an insurance policy subscribed with another company or institution, we are subrogated in the rights and actions of the Insured against this company or institution.

As such, repatriation of these persons will only be able to take place subject to the absence of refusal from the transporter and, of course, the absence of an unfavorable medical opinion (as specified and according to the other conditions stated in the "REPATRIATION ASSISTANCE" section) with respect to the health of the Insured or the unborn child.

6 WHAT ARE THE LIMITATIONS IN CASE OF FORCE MAJEURE OR OTHER ASSIMILATED EVENTS?

We cannot under any circumstances replace local emergency services organizations. We cannot be held responsible for breaches or delays in execution of services resulting from cases of force majeure or events such as:

- Civil or foreign war, known political instability, popular movements, rioting, acts of terrorism, reprisals,
- Recommendations from the WHO or national or international authorities or restriction of the free circulation of persons and property, regardless of the reasons and notably, those related to health, safety, meteorological events, limitation or interdiction from air traffic,
- Strikes, explosions, natural disasters disintegration of an atomic nucleus or any other radiation coming from a source radioactive energy,

7 HOW ARE THE CAUSES AND CONSEQUENCES OF THE INCIDENT ESTIMATED?

- The causes and consequences of the claim are estimated by mutual agreement, or else by assessment with the involvement of

the parties, subject to our respective rights.

- Each of the parties chooses an expert; if the experts thusly designated do not agree, they call upon a third expert; the three experts work together by a majority voting. Should one of the parties fail to name his expert or if the two experts do not agree on the choice of the third expert, the designation is done by the presiding Judge of the Tribunal de Grande Instance in the location of the domicile of the Subscriber. This nomination is made by simple request signed by both parties, or only one of them, with the other party having been notified by registered letter.
- Each pays the expenses and fees of his expert and, if appropriate, half the fees of the third expert.

8 WHAT ARE THE TIMEFRAMES ASSOCIATED WITH THE STATUTE OF LIMITATIONS?

In application of article L 114-1 of the Code des assurances (Insurance Code), all actions resulting from the present contract are time-barred by two years starting from the causal event. This time limit is brought to ten years for death benefits, since the actions of beneficiaries is time-barred, at the latest, thirty years starting from this event.

However, this timeframe is only applicable:

- in case of hesitation, omission or false or inaccurate declaration about the risk incurred, starting from the day that the Insurer became aware of it;
- in case of a claim, on the day that the concerned parties became aware of it, if they prove that they were not aware up to that point.

When the action of the Insured against the Insurer results from the recourse of a third party, the statute of limitations only starts to run from the day that this third party initiated legal action against the Insured or was indemnified by this latter party.

This time limit maybe interrupted, in conformity with article L 114-2 of the Code des assurances (Insurance Code), by one of the following ordinary causes of interruption:

- recognition by the debtor of the right of the party against which it was lapsing (article 2240 of the Code civil (Civil Code));
- a request before a court of law, even in urgent proceedings, until termination of the procedure. The same is true when it is brought before an incompetent jurisdiction or when the act of referral of the jurisdiction is canceled by a procedural error (articles 2241 and 2242 of the Code Civil (Civil Code)). The interruption is null and void if the requesting party withdraws his request or allows the procedure to expire, or if his request is definitively rejected (article 2243 of the Code civil (Civil Code));
- a conservatory measure taken in application of the Code des procédures civiles d'exécution (Code of Civil Procedures of Execution) or an act of forced execution (article 2244 of the Code civil (Civil Code)).

It is reminded that:

Calling upon one of the solidary debtors by a request in a court of law or by an act of forced execution or recognition by the debtor of the right of the party against whom the time limit was lapsing interrupts the time limit against all others, even against their heirs.

However, calling upon one of the heirs of a solidary debtor or recognition of this heir does not interrupt the time limit with respect to the other co-heirs, even in case of a secured receivable, if the obligation is divisible. This involvement or recognition only interrupts the time limit, with respect to the other co-debtors, for the portion for which this heir is responsible.

To interrupt the time limit for the entire amount, with respect to the other co-debtors, is necessary to call to upon all the heirs of the deceased debtor or to obtain the recognition of all these heirs (article 2245 of the Code civil (Civil Code)).

Appeal made to the principal debtor or his recognition interrupts the time limit against the guarantor (article 2246 of the Code Civil (Civil Code)).

The time limit may also be interrupted by:

- the designation of an expert following an incident;
- the mailing of a registered letter with confirmation of receipt (sent by the Insurer to the Insured concerning the action for payment of the contribution, and sent by the Insured to the Insurer as concerns payment of the indemnity).
